

The Senior Management of Devenish Nutrition have established this feed safety and quality policy statement appropriate to the needs of legislation, the organisation, its customers, and other interested parties. This statement reflects the company's commitment to continual improvement. It is reviewed at least annually to ensure ongoing relevance and suitability, is effectively communicated, understood and implemented throughout the organisation and is available to relevant interested parties.

Devenish Nutrition is committed to consistently meeting the needs and expectations of both internal and external interested parties to achieve mutual satisfaction. Central to these efforts is the principle of "Continuous Improvement". This policy provides the framework for establishing quality objectives. By establishing and reviewing objectives, the company will, at all times strive to enhance the quality of its products and services as perceived by our customers.

Devenish Nutrition is dedicated to ensuring to feed safety and the production of safe and legal products for both food and non-food producing animals. We have implemented feed safety procedures based upon internationally recognised HACCP (Hazard Analysis Critical Control Point) principles throughout our business. These are science based and identify specific hazards and measures for their control, thereby ensuring that we consistently manufacture our products safely and comply with all relevant legislation, regulatory requirements, legal guidelines and industry best practice, whilst meeting customer requirements.

Devenish Nutrition is committed to satisfying the requirements of UFAS, FAMI-QS, BETA NOPS and other customer specific standards. Additionally, Devenish Nutrition is dedicated to implementing and maintaining a system of Feed Fraud Prevention and Defence (VACCP & TACCP), to effectively address identified risks in alignment with the FAMI-QS Feed Fraud Prevention and Defence module.

Devenish Nutrition seek to develop its systems through a process of effective communication and training, encouraging all staff to fully participate. The Quality Policy Manual outlines the Quality Management Processes that have been established, implemented and maintained to support of our Quality Management System at the Belfast and Widnes facilities.

Devenish Nutrition is committed to continual business improvement and strives to ensure that this goal is achieved through continually monitoring the effectiveness of our Quality Management System and objectives to ensuring feed safety and quality.
